

NEXIA.

Connected Controls

Manage your home climate from wherever.

TRANE

It's Hard To Stop A Trane.

It's like taking your home with you.

Being connected to your home with Trane and Nexia™ will give you all the control you've been looking for in heating and cooling. With simplicity and ease from anywhere, your home is at your fingertips.

Greater control and peace of mind.

With Trane's innovative controls, you can make it a warmer winter or cooler summer from most web-enabled devices, like your smartphone. Remote Climate Access is included with every Trane Connected Control. And that means there is one for every home, starting with yours.

Trane XL624 Control

With upgradable software, humidity sensor, filter service and maintenance reminder alerts, this control allows you to manage your home comfort from anywhere with the most up-to-date tools available.**

- Create up to six daily heating and cooling schedules
- Built-in humidity sensor
- Upgradable software
- 7" high definition color touchscreen
- Digital photo frame
- Maintenance and filter service reminder alerts

Independent Trane dealers value reliability as much as you do.

Your independent Trane dealer knows his or her reputation is made at every sale, and with every installation. Therefore, they are as personally invested in your comfort as you are, and take great pride in creating your perfect indoor environment. Trane dealers are some of the most highly trained in the business, with advanced technical skills to optimize every installation and solve any issue. They have an extensive understanding of the movement and conditioning of air, and the expertise to create a perfectly balanced, ultra-efficient system for every home. Trane dealers believe in doing the job right, every time. Otherwise, they wouldn't be Trane dealers.

What you need to get connected with Nexia™.

- An active broadband internet connection (Controls with built-in Nexia Bridge may be connected wirelessly.)
- A valid email address.
- For mobile accessibility, an iOS, Android or Windows Phone smartphone or tablet with an internet data plan and an SMS (text messaging) plan.
- For the XL624, a Nexia Bridge connected to your router is required.

Nexia Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia system requires a monthly subscription for remote access via most web-enabled smartphones and computers.

A connected home that can grow with your lifestyle.

Whenever you want to grow your home's connections, Nexia™ can offer you a way. Ask your Independent Trane dealer for details, or visit nexiahome.com.

 Nexia is also compatible with Z-Wave® devices.
Z-Wave® is a registered trademark of Zensys Inc. and/or its subsidiaries.

Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency.
